Completed by:

James R. Toucher 4/9/25
Water District Representative / Title Date

Idaho Water district 11F
Annual meeting Feb 26, 2025
Geneva, Idaho

RECEIVED
APR 17 2025
DEPT. OF WATER RESOURCES
EASTERN REGION

Devin Boehme Started the meeting at 7:05. The first item of business is to elect the meeting chairman and meeting secretary. It was asked who can vote. Devin explained that those that own the water rights that attend have the right to vote. James replied that in the past one vote for each water user. Chris H from the IDWR stated that anyone issued water can vote. Gene made the motion to have Devin be the chairman and James be the secretary for the meeting. Gary 2nd the motion the motion passed.

Next the minutes from the prior year's meeting and the advisory board meeting held in Jan 2025 were read. Before the motion to accept the minutes question if Joel had looked into the price of a portable measuring device. Joel stated he did not. It was also brought up that these devices were not that accurate. Joel was hoping that the state could come down for a day and measure to check the permanent devices. Chris H stated the state has grants to help replace measuring devices. Subject of beaver control, it was asked what the Fish and Game on the river and the ditches and canals. The fish and game give out permits to kill the beaver. You only need a permit from IDWR if you need to enter into the stream with a machine to remove the dam. Kevin made the motion to accept the minutes and Derek 2nd the motion. The motion passed.

James was asked to make the financial report. The budgeted revenue was \$9,168.80 but we received \$8,295.80 because one assessment was not received until January 2025. The district spent \$6,656.90. The bank account at US Bank stands at \$23,673.48. US Bank is Leaving the area, the district is moving to Zions Bank. There will not be any fees assessed by Zions bank.

Joel gave the water master report. He stated that we are moving from debits and credits to the 5-year average method. The base fee remained at \$15.00. The usage fee is set at \$.50/24second ft. If the measuring devices are not working the water master estimates the usage rate. There were several questions about the budget items. 1) the travel money, 2) beaver trapping. The Beaver discussion was talked about that the individual water user should take care of the beaver on their property instead of the water district paying for beaver removal. The only thing the water district would pay for beaver trapping on the main channels. Carson made the motion to remove the \$500.00 from the budget. Carmela 2nd the motion. The motion passed. The \$500.00 will be removed from the budget and the assessments will be changed.

The resolutions were next to be voted on. There was a discussion about the resolution to keep the devices clean and weed free. It needs to include the individual or ditch company are responsible. Motion to accept the resolutions with changes was made by Carmela and 2nd by Rodney B. The motion passed

Chris Holmes discussed water adjudication. The next 2 years the IDWR will be reviewing claims that were submitted. It should start not in 2025 but in 2026. IDWR will be contacting the individual water user about verifying their claims. There is a second round of letters sent out for rights that were not claimed. There is still time to reach out and file on rights. Chris went over the process when the IDWR sends the claims to the court.

The motion was made to close the meeting by Rodney and 2nd by Robert B. motioned passed.
