ABLE accounts are saving/investment accounts for people who are disabled or Deaf before age 26. The age will increase to 46 on January 1, 2026. ABLE accounts provide the opportunity to **save money** and **keep needed benefits**.

Join the Idaho State Independent Living Council to learn about the ABLE savings program, how it can benefit people with disabilities and our work with the Idaho State Treasurer's Office on the **establishment of an ABLE program for Idaho**.
