Description:

Wednesday, September 9, 2026 from 1:00–2:30pm

Reg. 5 – Regional Early Childhood Committee (RECC) Meeting. This group meets quarterly to discuss what is needed within their community related to educating the public about developmental milestones, early intervention, and performing targeted outreach on behalf of the federally mandated Inter-agency Coordinating Council (ITCC).

RECC brings Early Childhood agencies together to support & assist in the planning and coordinating of services for infants and toddlers with disabilities and their families. Outreach events and activities will be planned to provide information about the early intervention services that the Infant Toddler Program provides to children from birth to their 3rd birthday.
