	- Resources/Strengths: Tribal members work hard to meet the needs of the youth and adults - Nez Perce: Same barriers with mental health for youth and young adults. Challenges: Retaining tribal council youth professionals to meet the needs of Tribal youth - Resources: Behavioral health, several places in Lewiston. A lot of sober living for women, but would like to get sober living for the men on the reservation. Youth: Ready for Life – grant – cultural events happening; opioid funding for events and awareness. University Of Idaho Extension - Coeur D’Alene: Bernie: Everything is going smoothly. Youth are back in school; conducting a lot of UAs - Shirley: Barriers: Department operating in silos; not communicating or engaging with other departments - Strengths: A ton of resources but are not often utilized to capacity due to silos. - Reanna: Nothing to add. <i>Note: Clarice attended the meeting after adjournment but provided the following update about her tribe.</i> - Clarice: Nothing major occurring on the tribe. We are waiting for the new school being built to be built. Challenges: We still do not have many officers on the reservation. Strengths: The judge, the court, a couple of other tribal members, and I are working on the truancy codes, which the Tribal Council must approve.
